Competition Format and Rules

競技形式および規則 / Format et règlement des compétitions
As of THU 1 JUL 2021

OLYMPIC COMPETITION FORMAT

The 15 judo events at the Tokyo 2020 Olympic Games consist of seven men's and seven women's individual events and one mixed team event:

WOMEN	MEN	MIXED TEAM
-48 kg	-60 kg	Team (3 men and 3 women)
-52 kg	-66 kg	Categories:
-57 kg	-73 kg	Women: -57 kg, -70 kg, +70 kg
-63 kg	-81 kg	Men: -73 kg, -90 kg, +90 kg
-70 kg	-90 kg	
-78 kg	-100 kg	
+78 kg	+100 kg	

Individual events

The individual events are based on a direct elimination system. Repechage contests allow the losers of the quarterfinals a chance to compete for the bronze medals. The competitors will be divided into two tables by means of a draw, and an elimination system will be used to produce two finalists, who will compete for the gold medal. The competitors defeated in the quarterfinals will compete in the two repechage contests. The winners of each of these two repechage contests will compete in a bronze medal contest against the loser of the semifinal contest of the opposite table.

The winners of the bronze medal contests are awarded the bronze medals and the losers are placed equal fifth. The losers of the repechage contests are placed equal seventh.

The top eight judoka in each individual event from the International Judo Federation (IJF) world ranking list, updated at the end of the qualification period, will be seeded. All other judoka will be randomly drawn.

Mixed team

The mixed team event is based on a direct elimination system, in a quarterfinal repechage format, with the four best teams seeded.

Teams of six judoka (three men and three women) will be composed after the individual competition.

The teams will be divided into two tables by means of a draw, and an elimination system will be used to produce two finalists, who will compete for the gold medal. Repechage matches allow the losers of the quarterfinals a chance to compete for the bronze medals. The teams defeated in the quarterfinals will compete in the two repechage matches. The winners of each of these two repechage matches will compete in a bronze medal match against the loser of the

semifinal match of the opposite table. The winners of the bronze medal matches are awarded the bronze medals and the losers are placed equal fifth. The losers of the repechage matches are placed equal seventh.

The top four teams from the IJF world ranking list, updated at the end of the qualification period, will be seeded. All other teams will be randomly drawn.

Contest duration

The duration of the contests will be four minutes (actual time) for men and for women in accordance with the IJF sport & organisation rules (SOR) and refereeing rules.

Weigh-in individual events

The weigh-in will be organised at the Olympic Village. This should be conducted for men and women simultaneously, in separate rooms, for the weight categories competing on the next day.

Competitors must weigh within the limits of the appropriate category and no tolerance will be allowed either above or below the category.

Weigh-in mixed team

The weigh-in will be organised at the Olympic Village. This should be conducted for men and women simultaneously, in separate rooms, for the weight categories competing on the next day.

Competitors are allowed a 2 kg tolerance.

DIFFERENCES BETWEEN THE IJF WORLD CHAMPIONSHIPS AND THE OLYMPIC GAMES

The IJF World Championships are open for participation (to a maximum of nine male and nine female athletes per country), which means that no qualification is required.

The Olympic Games are based on a qualification system. Only one athlete per category per country can participate in the Olympic Games if he/she is qualified.

CHANGES SINCE THE RIO 2016 OLYMPIC GAMES

The mixed team event has been added.

The method of scoring has been changed. Yuko has been removed. The number of shidos has changed to a maximum of three (from four).

The contest time for men has been changed to four minutes (from five).

SPORT RULES AND PROCEDURES

Competition method

The judo competition will be held in accordance with the IJF SOR and refereeing rules.

The objective of judo is to score ippon, which puts an immediate end to the match. Ippon can be scored with a throwing technique as well as on the ground.

Tiebreak rules (hantei) and procedures

Individual events

In regular time (four minutes), a contest can only be won by a technical score or scores (waza-ari or ippon).

A penalty or penalties will not decide the winner, except for hansoku-make (direct or accumulative). A penalty never corresponds to a score.

When the time allotted for the contest ends (four minutes for men and women) and both judoka have no technical score, or the technical scores are equal at the end of the regular contest time, the contest shall continue in Golden Score regardless of the number of shido given.

The referee calls "soremade" and the time clock will be reset.

Any existing score(s) and/or numbers of shido from regular time are carried into the Golden Score period and will remain in all real time outputs (scoreboards, TV captions, RTDS, etc.).

There will be no rest period between the end of the original contest and the start of the golden score period.

There is no time limit for golden score.

Golden score can only be won by a technical score (waza-ari or ippon) or hansoku-make (direct or by accumulative shido). If direct hansoku-make is given, the consequences are the same as those in regular time.

Mixed team

If there are an equal number of wins at the end of the match, a draw is done from all categories regardless if the team has a player or not (if both teams do not have a player in the same category, this category will not be included in the draw). The athletes in the drawn category will refight a golden score contest. The draw is done by computer and displayed on the athlete and public (big screen) scoreboards.

Penalties/disqualification rules

All penalties are divided into "slight" infringement or shido (a type of warning) and "serious" infringement or hansoku-make (direct disqualification).

For technical and tactical faults that do not affect the integrity of the contestants and are not against the spirit of judo, the judoka will receive shido penalty.

The repetitions of technical and tactical faults, which are penalised with shido, are cumulative and a maximum of three faults can be given. This means that after a third shido the contest will be stopped, and the opponent will be declared the winner by ippon.

There are several circumstances which result in disqualification (hansoku-make):

1. When hansoku-make results from "progressive" penalties (three shidos), the disqualified contestant is allowed to continue to compete in the repechage rounds, etc. including the bronze medal contest, if applicable.
2. In the case of direct hansoku-make for "protection" of a contestant (diving head first on to the mat), the competitor is allowed to continue to compete the repechage rounds, etc. including the bronze medal contest, if applicable.

3. In the case of direct hansoku-make for acts against the spirit of judo and/or application of dangerous techniques, the competitor is excluded from the competition. If the hansoku-make is for acts against the spirit of judo a sanction can be added. For details, please refer to the IJF SOR and refereeing rules.

Remark regarding award ceremony

If hansoku-make has been given for "protection" of the athlete (diving head first on to the mat), or for three shidos, medals and places should be awarded. If it is for acts against the judo spirit, the IJF jury will make a decision.

Winning technique

In order to provide information on which technique was used while winning the contest, the IJF uses various codes (140 of them) that are listed together with the contest score in the contest result reports and contest list. These codes are mostly used by statisticians. The full list of codes is available in the SOR.

Protests/appeals

No protests against the referees' decision will be accepted.

IJF Competition System for Mixed Teams

The competition will be conducted in accordance with the latest IJF SOR, IJF Refereeing Rules and IJF Anti-Doping Rules.

The system of competition for IJF Mixed Teams events will be the elimination system with quarterfinal repechage.

Weight Categories: Women: -57 kg, -70 kg, +70 kg
 Men: -73 kg, -90 kg, +90 kg

Each team will consist of up to six (6) athletes (3 women and 3 men) and has the possibility to have up to six (6) reserves (3 women and 3 men). If there are injuries or illness during the competition a team can compete with a minimum of four (4) athletes. A total of 12 athletes can be inscribed with a maximum of two (2) athletes per category.

Mixed Team Cat.	Weight	Pick 2 Athletes only from
-57 kg	Up to and including 59 kg	-48, -52, -57 kg
-73 kg	Up to and including 75kg	-60, -66, -73 kg
-70 kg	57.1 -> 72 kg	-57, -63, -70 kg
-90 kg	73.1 -> 92 kg	-73, -81, -90 kg
+ 70 kg	+ 70 kg	-70, -78, +78 kg
+ 90 kg	+90 kg	-90, -100, +100 kg

Each athlete is entitled to compete in their own weight category or in the next higher category.

During the contests, the non-competing athletes must stay within a marked area on the field of play behind the coaches' chair. Reserve athletes must not enter the field of play.

Before each match the team leader must select the athletes for each contest. From the maximum of two athletes inscribed in each category they can select one. An athlete cannot be rested for one match and return for the next unless they have been replaced by the other inscribed athlete.

If the team has no athlete in a category, they should select the "no competitor" option.

For the first round the lists must be returned at least 30 minutes before the start of the competition. For other rounds it must be returned 5 minutes after receiving the list from competition management. Once it is returned to competition management it cannot be changed.

Duration of each contest: women four (4) minutes and men four (4) minutes (real time). After the team bow the byes are displayed on the scoreboard and wins are given.

Example: If blue team has one category empty: 1:0

Example: if both teams have a different category empty: 1:1

Example: if both teams have the same category empty: 0:0 (this is the only case when we stop a match when a team has reached 3 wins).

These byes are skipped later, no player needs to return to the tatami to bow again if there is no contest to be fought.

Sport Communication

スポーツコミュニケーション / Communication sportive

The first team reaching the majority of wins (4) is declared the winner. The remaining contests will not be fought.

It is compulsory that all athletes listed for the match compete until the team reaches the winning result. If an athlete refuses to compete the team will be disqualified.

If one team does not arrive for a match, the other team will be declared the winner. If there are an equal number of wins (3:3) at the end of the match, a draw is done from all categories regardless of if the team has a player or not (if both teams don't have a player in the same category, this category will be not included in draw). The athletes in the drawn category will refight a golden score contest. The draw is done by computer and displayed on the athlete and public (big screen) scoreboards.
